

DIRECTIONS

From #401 - Woodstock Direction

Take the Culloden Road exit for the fastest route and to miss all the little towns. Follow Culloden Road to the VERY END. You will pass through a few stop signs but keep going until the end. At this point you will be at Heritage Line. Turn right, go down then up a big hill bringing you into Richmond. Richmond isn't even a village really, it is more like a blink. Just after you come up the hill into Richmond you will come to a road to the left called Richmond Line. Take it. Follow it along, it is very hilly and twisty. Stay on it and you will come to another blink, Calton, and a stop sign. Keep heading south until the next road which is Vienna Line and you will turn left here. Follow Vienna Line along, heading east, until you reach a small dirt road, Woodworth Side road. Turn left, heading north. This is a dead-end road. Follow it along, past COUNTRY CAMPING, until you come to McQuiggan Line on the left. Take it and follow it along, around the bend to the right and our farm is up on the left hand side. My sign is out front.
